

FRHS India in Uttar Pradesh

Foundation for Reproductive Health Services India (FRHS India) initiated its operations in Uttar Pradesh in 2013 and has been working closely with the Government of Uttar Pradesh since then. We endeavour to improve access to affordable, high-quality sexual and reproductive health services among the state's socially and economically vulnerable populations.

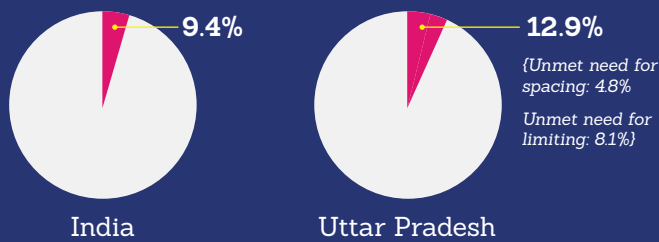

Sexual and Reproductive Health Indicators

We provide a range of family planning services in **243 public sector sites** in **27 districts** of the state, covering a population of **over 72.67 million**.

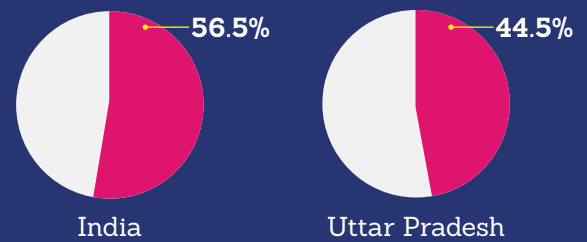

Total Fertility Rate

Total Unmet Need for Contraceptives

Modern Contraceptive Prevalence Rate

Unsafe Abortions averted

Clients Served in 2022

27,811

Tubal Ligation (TL) services provided

149

No-Scalpel Vasectomy services provided

2,966

Intrauterine Contraceptive Device (IUCD) services provided

Empowering Choices: Embracing a Healthier Contraceptive Method-Mix

We are committed to promoting a healthier contraceptive mix by focussing on increasing awareness about Intrauterine Contraceptive Devices (IUCDs), dispelling myths surrounding them, and ensuring access to these services in even the most far-flung areas. Through educational campaigns and community outreach programs, we aim to empower individuals with accurate information about the safety, effectiveness, and benefits of IUCDs. By addressing common misconceptions and providing comprehensive counseling, we strive to build trust and confidence in IUCDs as a reliable contraceptive option. We believe that by breaking barriers and reaching underserved communities, we can empower individuals to make informed choices and embrace a healthier contraceptive mix that meets their unique needs and preferences.

Awards and Recognition

In 2022, we were appreciated by district-level government authorities for our contributions to family planning

Barabanki Gonda

Support Us

Our work enables women and men to choose when and how many children they want and to improve the quality of life for themselves and their families. Join us in creating a world where every child is wanted, and every woman is healthy.
